

2013 is the time to celebrate

60 YEARS
DNA DISCOVERY

Be among the first 30 attendees and win a prize*

Sixty years ago, Watson and Crick discovered the structure of DNA. This year, we join scientific researchers all over the globe in celebrating Watson and Crick's milestone, the 30-year anniversary of the invention of PCR, and 10 years since the Human Genome Project published the first complete human genome.

At Life Technologies, we're especially happy to be a trusted partner for your research, delivering innovative products for DNA analysis. To celebrate this DNA Anniversary we want to thank you, our loyal customers, for choosing to use Life Technologies DNA Analysis products.

Join us and celebrate with cake, competitions, giveaways and more

To find out more about the DNA Anniversary or to find out more about Life Technologies™ products and services please contact:
